

## Planetarium Activities • November & December 2018, and January 2019

### Thanksgiving Eve Telescope at Downtown Alive!

Look for our telescope in the crowd! Weather permitting, we'll watch the crescent moon until it sets behind buildings and then look for other celestial targets.

**Date:** Wednesday, November 21  
**Time:** 6:00 – 8:00 p.m.  
**Location:** Parc Sans Souci  
**Ages:** All welcome  
**Cost:** Free!

---

### ArtWalk Astronomy

Look for the planetarium's telescope during ArtWalk! Weather permitting, we'll look for Mars and the crescent moon.

**Date:** Saturday, January 12  
**Time:** 6:00 – 8:00 p.m.  
**Location:** Parc Sans Souci near the fountain  
**Ages:** All welcome  
**Cost:** Free!

---

### Total Lunar Eclipse Party

Weather permitting, we'll have telescopes out for public viewing of January's late evening total lunar eclipse. Can't make it? Watch for streaming video of the eclipse through the Museum's web site!

**Date:** Sunday, January 20  
**Time:** 9:00 p.m. to midnight  
**Location:** Parc Sans Souci near the fountain  
**Ages:** All welcome  
**Cost:** Free!

---

### Globe at Night — at Home!

Globe at Night is a worldwide study of light pollution and its effect on the night sky. By making and reporting simple observations of well-known constellations from your home, you can provide some of the data scientists need. There are worldwide Globe at Night campaigns every month, and the next dates are November 29 – December 8, December 29 – January 7, and January 27 – February 5. For further information and to download a Family Activity Packet suitable for families and school classes, go to the Globe at Night web site at <http://www.globeatnight.org/>.

### The Telescope Line and Facebook

If the weather's bad, has a telescope viewing been cancelled? Call 337-291-5544 during Museum hours to find out! Cancellations will also be announced on the Lafayette Science Museum Facebook page.
